

Set the Mood with Task Lighting

Say goodbye to dark storage spaces in closets! Task Lighting & Power offers an array of LED lighting products designed specifically for closets. Ask your sales representative about adding these products to your offering.

✧ LED Lighted Closet Rod

Fully assembled lighted closet rods are easy to install and provide high output illumination right where it's needed—on the clothing.

✧ LED Neon Flexible Lighting

Neon Flexible Lighting provides a finished dot-free look in a flexible silicone housing designed for recessed and surface mount applications.

✧ Puck Lights

Puck lights offer sleek, surface mounted housing that is perfect for lighting in areas where space is tight, but recessing is not an option.
